

imageFORMULA DR-S150

High performance scanning with flexible network connectivity

- **Big productivity** up to 90ipm colour scanning and large 60 sheet ADF
- **Flexible connectivity** options with LAN, WiFi and USB connectivity to PC and smart devices
- **Easy operation** using large colour touch screen and direct network PUSH scan function
- **Robust design** for workloads up to 4,000 scans/day
- **Automatic intelligent processing** with OCR, Barcode, 2D Code recognition
- **Versatile and reliable paper handling** of wide range documents, including passports and ID cards
- **Reduced IT and operational costs** with centralised scanner and user profile management
- **Tight security** with simple 4-PIN code access and various methods for user log-on authentication
- **CaptureOnTouch Pro** software for easy, yet powerful capture processing and integration tools
- **Customised integration** using plug-in connector SDKs

WORK SMARTER AND SAVE TIME

Introducing the **imageFORMULA document scanner range from Canon**

Highly versatile scanners with reliable media handling, the natural all-round choice for office departments and workgroups.

 **imageFORMULA**

Canon

imageFORMULA DR-G2 SERIES

A3 production scanners optimised for customers who require high speed productivity, superior image quality and dependable feeding performance

Durability

- Robust paper-feed system and ultra-tough and efficient transport rollers

Innovation

- No more hard-to-read scans due to light text and wrinkled paper. Active Thresholding automatically compensates for deficiencies to delivers high quality scanned images

Reliable and versatile feeding

- Scan mixed documents together with pages being reliably fed into the scanner

Network connectivity and integration

- DR-G2110 and DR-G2140 models can also connect directly to the network via a wired LAN connection. The scanners also include ISIS/TWAIN/WIA and Kofax VRS Drivers supporting integration into various scanning applications.

¹ A4 landscape

A4 Flatbed Scanner Unit 102

Scan bound books, journals and fragile media up to A4 by adding the simple to connect, via USB cable, optional Flatbed Scanner Unit 102. The flatbed unit works seamlessly with the main scanner in a smooth dual-scanning operation that lets you apply the same image-enhancement features to any scan.

A3 Flatbed Scanner Unit 201

Enjoy a seamless dual scanning operation with Canon Flatbed Scanner Unit 201 attachment to the select Canon imageFORMULA scanners providing greater versatility and precision when scanning books, journals and fragile documents up to A3.

NA10 and WA10 Network Adapters

Network Adapters that enable users to share access to imageFORMULA scanners across multiple computers. Delivers enhanced mobile scanning options and works seamlessly over either a wired LAN or wireless

* wireless connection only with WA10 network adapter
